PRODUCT DETAILS:

PRODUCT SIZE:

Ø .69*3.74in (mini)

OIL CAPACITY:

1.8ml (mini)

BATTERY CAPACITY:

200mAh (mini)

WARNING:

This product is for adult use only. Please keep this product away from children. If the USB charger is broken, please replace with the original USB charger for best results. Please allow the product to fully charge before use. This product is made of glass – handle with care.

ATTENTION:

This item is designed to provide a smokeless experience. Please read this manual carefully before use. This item works best when used correctly. Please keep this manual for future reference.

CHANGE HEATING COIL:

1. Remove the battery from the clearomizer. Screw off the mouthpiece.

2. Empty the e-juice into the clearomizer.

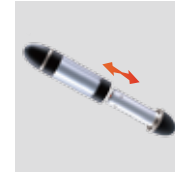

3. Remove the heating coil.

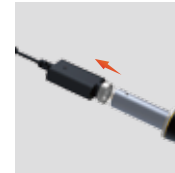

4. Place new heating coil in the center of the top piece pressing firmly into place. Make sure new heating coil is fully inserted into center area. Avoid e-juice spilling onto the battery. If spilled, wipe off battery with clean paper towel.

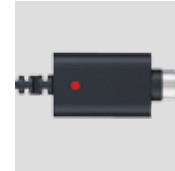

CHARGING:

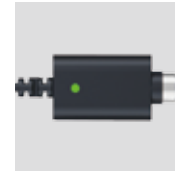

1. When battery needs to be charged the LED light flashes 10 times. Pull the battery out of the cartomizer.

2. Connect Battery to USB charger.

3. Insert the USB charger into a USB port. A red light will illuminate when device is charging. It takes roughly 3 hours to fully charge the device.

4. When the light turns green the device is fully charged.
